Instructions:

1. The Applicant shall submit to the Denver Borough Zoning Officer a Zoning Permit Application with all required attachments.
2. The Zoning Officer has 15 business days to review and take action on the Zoning Permit. Once the Zoning Permit is approved, the Zoning Officer shall collect the Zoning Permit Application fee and provide the applicant with a copy of the Zoning Permit; a copy of the Construction Code Permit Process; a copy of the list of approved Construction Code Officials; and a copy of the Construction Code Permit Application Form.
3. The Applicant shall submit to the Denver Borough Building Code Official a copy of the completed Construction Code Permit Application along with all required plans and attachments.
4. The Applicant shall contract with an approved Construction Code Official (i.e. registered Plan Review and Inspection Agency) to complete any required plan reviews and inspections before the permit can be issued. The Applicant shall submit two (2) copies of the plans to the Construction Code Official for review and comment.
5. The Applicant is required to select only one (1) Construction Code Official for each project. The Applicant shall contract with the Construction Code Official and make all payments for plan reviews and inspections directly to that agency.
6. Following the review, the Construction Code Official shall fax to the Building Code Official the completed "Plan Review/Inspection Agency Notification" form indicating that the Construction Code Official has reviewed the plans and that the proposed construction meets the building code before the permit can be released.
7. The Construction Code Official will keep one (1) copy of the plans and return the second copy to the Building Code Official.
8. The Building Code Official shall issue a Construction Code Permit to the applicant. The required fees for the Construction Code Permit are collected by the Building Code Official at the time that the Construction Code Permit is issued.
9. The Applicant then shall have the work performed and the required inspections completed.
10. Once the project is complete, the Construction Code Official shall forward to the Building Code Official a completed and executed copy of the "Construction Code Permit Application Inspection Checklist" along with a complete set of construction plans for the Borough's files.
11. The Building Code Official will follow the receipt of the completed Building Inspection Record/Certificate with an inspection and issuance of a Certificate of Use and Occupancy.
